## Haskell & White Named One of Orange County's 'Best Places to Work' for Fifth Straight Year

*The independent accounting, auditing and tax consulting firm  
places 3rd, making it the highest-ranking CPA firm in its class*

**IRVINE, Calif. – July 27, 2016** – For the fifth year in a row, [Haskell & White LLP](#), one of Southern California's largest independently owned accounting, auditing and tax consulting firms, has been named one of the "[Best Places to Work](#)" in Orange County, Calif. This year, the firm placed 3rd on the medium-sized company list – the highest for its industry.

Organized by the *Orange County Business Journal* and Best Companies Group, this countywide survey and awards program was designed to identify, recognize and honor the best places of employment in Orange County that benefit the county's economy, its workforce and businesses. In addition to its high retention rate and policy of promoting from within, Haskell & White was recognized for its special employee initiatives, including philanthropic and volunteer opportunities, extensive training and educational reimbursements programs as well as frequent social mixers.

"We are so grateful for our employees who go above and beyond to provide excellent audit, tax and business consulting services for our clients and make Haskell & White such an enjoyable place to work," said Wayne Pinnell, managing partner of Haskell & White. "Creating a culture that emphasizes client service as well as ensuring firm members are valued and growing in their career is a top priority for the partners at Haskell & White."

The program is an extensive, two-part survey and audit process. The first part consisted of an evaluation of each company's workplace policies, practices and demographics. The second part included a survey that measured each employee's experience with the organization. The combined scores determined the top companies and the final ranking.
